AAC 222

PRODUCT FACT SHEET

HAY

AAC 222

DESIGN BY HEE WELLING & HAY, 2022

Featuring a wooden frame with elegant, tapered legs, the AAC 222 has a timeless and organic aesthetic. Retaining the fundamental idea shared by the AAC family, this model is characterised by a curved shell with a slightly higher back. Designed with optimal functionality in mind, the shell construction offers a deep, generous seat that combines inviting aesthetics with a high level of comfort, whilst the lower armrests provide good support and enable the chair to fit underneath a table or desk. The wooden base brings character and stability and is available in different finishes, with the post-consumer recycled plastic shell offered in a variety of colours. The multitude of variants and design combinations give this series great versatility in a wide range of corporate, public, and private contexts.

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- The curved shell has a slightly higher back and a deep generous seat.
- The shell is made from 100% post-consumer recycled plastic and comes in three colours.
- Lower armrests offer good support, whilst enabling the chair to fit underneath a table.
- Available with full upholstery, a standard and a soft quilted version in all standard fabrics and leathers.
- The plywood base comes in various colours and finishes.
- Other base options are: Solid wood base, 4-star swivel base, 4-leg steel tube base and 5-star swivel base with wheels and gas lift.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

WIDTH 59 CM | 23.25"
DEPTH 54 CM | 21.25"
HEIGHT 82 CM | 32.25"
SEAT HEIGHT 46,5 CM | 18.25"
SEAT DEPTH 42 CM | 16.50"

MATERIALS

SHELL

Injection moulded solid-coloured polypropylene shell with armrest. Made from 100% postconsumer recycled PP.

BASE

Moulded plywood base. Inner plywood in beech, top veneer in oak or walnut. Not stackable.

GLIDER

Plastic. Standard on all variants. Suitable for all floorings that are not too sensitive.

OPTIONS

Felt gliders for wooden floors.

CONSTRUCTION

Plywood legs section connected with solid oak top parts which are glued and fixed with embedded metal brackets.

COUNTRY OF ORIGIN

Denmark

COLOUR & FINISH

Please note that the colour codes are indicative.

		BASE				
		BLACK WATER-BASED LACQUERED OAK RAL 9005	WATER-BASED LACQUERED OAK	SOAPED OAK	WATER-BASED LACQUERED WALNUT	
SHELL	BLACK RAL 9005					
	MELANGE WHITE NCS S 1002-Y					
	MELANGE CREAM NSC S 1502-Y					

The shells consist of 100% recycled post-consumer plastic from household machines.
 The use of recycled material means that colours vary slightly from batch to batch.
 Marks and irregularities on the surface are a natural part of the material and may occur.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
