- Construction Line Gold
- FISP
- Club Green
- FIRA Certified

Warranty

5 years

Maintenance

Steel - The most commonly used metal in furniture production today are aluminium and chrome plated, stainless or painted steel. All these surfaces have a good resistance to dirt and liquids. Day-to-Day cleaning wipe with a cloth dipped in water containing dishwashing liquid. Afterwards, wipe the surface with a clean, dry cloth to avoid stripes or blotches.

Finishes

- Steel - light grey standard
- Optional extra steel - black, graphite, white, silver, blue or red
